

Michigan Land Title Association Celebrates 125 Years of Service to Michigan's Land Title Industry

September 8, 2026 - The Michigan Land Title Association (MLTA) is proud to celebrate its **125th anniversary in 2026**, marking more than a century of service, leadership, and advocacy on behalf of Michigan's land title industry.

Established in **1901**, MLTA has served as a unified voice for professionals across the title industry, providing education, resources, professional development, and advocacy to help strengthen the industry and protect the integrity of real estate transactions throughout Michigan.

For 125 years, the association has evolved alongside Michigan's title industry, responding to changes in technology, regulation, legislation, and the needs of its members. Through these changes, MLTA's commitment has remained constant: **to support its members, promote professionalism, and advance the land title industry in Michigan.**

"Reaching 125 years is an incredible milestone for MLTA and a testament to the dedication of the professionals who have supported this association throughout its history," said Kristen Dankert, MLTA President. "We are proud of where we have been, grateful to those who helped build the association we have today, and excited about what the future holds for the next generation of title professionals."

Throughout its 125-year history, MLTA has provided opportunities for members to connect, share knowledge, stay informed on regulatory and legislative developments, and continue their professional education. The association remains committed to bringing industry professionals together and ensuring Michigan's title community is prepared to meet the challenges and opportunities ahead.

The 125th anniversary will be recognized at the association's Fall Education Seminar to be held in Mt. Pleasant, MI, in November.

125 years is more than a milestone—it is a reflection of the people, relationships, and commitment that have built MLTA into the association it is today.

As MLTA looks toward the future, the association remains focused on continuing its tradition of education, advocacy, collaboration, and service to Michigan's land title industry.

About the Michigan Land Title Association

The Michigan Land Title Association is a professional association representing and supporting Michigan's land title industry. MLTA provides education, professional development, industry resources, and advocacy for its members while working to promote professionalism and integrity within the land title industry.
